## CAR WASH

By: Gianni

We were going to have a car wash. We did not because it rained. Well my mom made popsicles for the school. We are going to do a new car wash to get a bus on Friday. Thank you for the popsicles Mom!

## The Class Enjoys a L a k e P a r t y

By: Naomi

We went all the way to Ms. Mary's house for the lake party! We had fun swimming and going on boats. For my lunch I had macaroni and cheese, a hotdog, and baked beans. During lunch Cassie came to visit us. We loved her so much that we hugged her. Dr. G said, "buddy hug!" There was a girl who had a watermelon. I hope to go again next time.

## JOKE CORNER

### Alyx's Joke of the Day

(Answers at the bottom)

What is a frog's favorite soda?

What do you call a fly and a bunny mixed together?

## Project About Sharks

By: Karl

In Science we are studying about ocean life. I am studying about sharks. I am learning about where they live. I am learning about their life span. I am learning about what they eat. The Great White sharks grow up to 20ft (16m) long. They eat seals, dolphins, turtles, seabirds, and large fish. I love sharks.

**Answers:** Croak-A-Cola, Bugs Bunny

# Mr. Ben, The Diver!

By: Joseph

This Monday Mr. Ben came out to our school to talk to us about diving. To help us learn about diving he brought some SCUBA gear that you would need. Some of the things he brought with him were two pairs of goggles and snorkels, a full wet suit, some air tanks, flippers, and a floatation device. Some of the other cool things he brought were some sharks' teeth and sea urchin. One of the things I learned was that coral filters water. Also, I learned that to go diving you need to take several different courses or classes. Thank you Mr. Ben! We all enjoyed the class and we learned so much about diving. Thank you!!!

## Friendly Cats?

By: Jacob

When the students of Barclay returned and got ready to start the day, we all sat down and noticed something different about the cats. They were more friendly than normal. So we asked kids what they thought. Alyx said she was happy about the change in the cats. Amy was shocked and surprised, and Gianni thought it was nice. And so the cats are more “cat-ive” in school and almost everything is “purrfect.”

# SUMMER TRIP

By: JJ

My summer vacation was very cool and relaxing. At first, I wrote a short story about the missing parents but I did not finish my story. Weeks later I had family who had come down from Virginia.

That next week we went to Savannah, Georgia for vacation with my family. At the beach we went to the ocean and I hung out with my family and I went shopping at the stores by our hotel. The next day we went downstairs to eat breakfast before we left that day. We packed up our stuff, we went back to the store to get candy, then we left and came back home.

The End.

## Hair Color!!

By: Alyx

We have a lot of students at The Barclay School. And we have 3 people who dyed and bleached their hair. One of them looked like a Barbie Doll. And one looked like Katy Perry. And one looked like a rainbow. It was so cool. I am not going to dye or bleach my hair. If I did, I would want to dye my hair blonde.

# WRITING STORIES!

By: Amy

Guess what?!

The Barclay School is turning into a writing book factory! Some of the students are writing books about mountains, adventures, super heroes, and more!

My book is about people and the mountains. I got the idea by going to Whittier, North Carolina. It was fun, but that's another story.

Ronan (a student at Barclay) is writing many, many stories. My favorite story that she is writing is called "Six and Stones." I bet y'all will love to read it too. Alyx is writing funny stories. Joe is writing a story too. I don't know what it is called, but maybe I will read it when he's done and I will tell you what it's about in the next Chronicle.

Your Friend,  
Amy

# Road trip across america

By: Ronan

This past summer I went on a trip across America. I went with my Uncle Jim, Aunt Evelyn, and cousin Eric. It started in late May and went through early June. It lasted two weeks and I went through twelve states. I visited places like the Grand Canyon and the Space Needle in Seattle. Not only did I go to famous places but I also met famous people! In Louisiana I met a man who worked on, wrote music for, and sang in the Disney movie, "Princess and the Frog."

I learned and saw so many new things! I saw so many huge cities such as San Antonio and Portland. I tried new foods like Kale Salad. I also discovered that vegetarian restaurants do exist in Texas but you have to look for them. I had an amazing time and would gladly do it again.

# Barclay's Most Wanted

## (Wishlist)

- Toilet Paper
- Dry Erase Markers
- Kleenex
- Newspaper
- Boxes
- Pencil Top Erasers and Regular Erasers
- Wet Cat Food

If you are able to help with any of these, please see Mary

(her office is next to the kitchen)

# My Introduction

By: Ella

Hi! My name is Ella and I'm one of the "new kids." I'm so happy that I'm part of The Barclay School family now! They are so loving and so accepting! I live with my Mom, dog (Penelope), and cat (Scout) in Columbia. I have one older brother but he's 19 and goes to the University of Alabama. Anyways, I love my new school! I always come home with a ton of stories about what we did that day. Thanks Barclay School!

I <3 y'all!

## Barclay Shout Out

This month we thank **Joe Hood** for setting up the new website, **Emily** for our books from France, **Mrs. Nicole** for the delicious popsicles, **Mr. Ben** for your wonderful SCUBA diving presentation, and the "**Cheerful Giver**" for the very generous donation. A belated thank you to **Mrs. Mary** for the marvelous end of the year party and for setting up the new fish tank. We also want to give **Big Carl** a very special "thank you" for playing games and being a great friend to all! Thanks to **Nathan Feldt** for being our new Karate teacher! Last but not least, thank you to **Tamra Hood** for typing the Chronicle and being our Chronicle Queen!
